in Greenhouses, Frames, and Nursery
Vegetable Seed Trials JUN 4 1930

GREETINGS TO YOUR GARDEN!

Dear Friends,

It is with a considerable sense of pleasure that we present you with this 1930 list of our plant offerings, listing as it does nearly 500 varieties of plants with which you can make your life pleasanter.

Back of this list are thousands of all these plants growing in our range of nineteen greenhouses and in our nursery and I have no hesitation whatever in saying that the quality of our stock is better than ever.

We hope, naturally, to have your orders for your plant needs and assure you that we will leave no stone unturned in our effort to please you.

Yours for a brighter garden,

THE RHINEBECK FLORAL COMPANY

Nelson Coon.

Pot Grown BEDDING Plants.

For additional plants see also "ANNUALS"

In the list below—

"tr" indicates transplanted plants.

"3p" from 3-in. pot; "4p" 4-in. pot, etc.

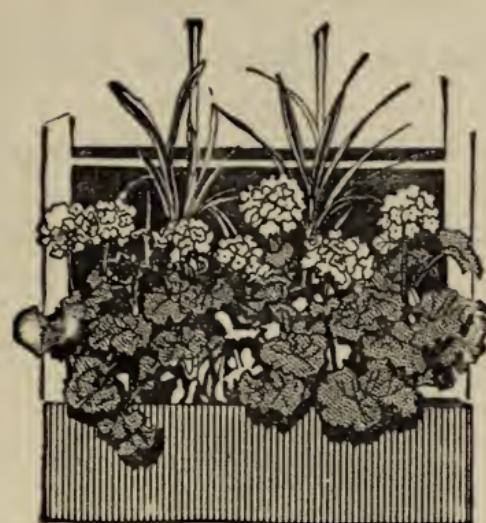

Prices of our plants are based on the rate per dozen, and all prices quoted are per dozen unless otherwise noted.

6 plants or more are sold at the dozen rate. Single plants are sold at 20% more than dozen rate.

50 plants or more are sold at the 100 rate which is 20% less than dozen rate.

Ask for special prices on quantity lots of plants.

Tomatoes, for early-Earliana, J. Baer, Bonny Best, 3"P....	.80
Tomatoes, late, Ponderosa, Stone, Dwarf sorts, etc. tr.....	.35
Parsley, Moss curled, good transplanted stock, dozen.....	.25
NB: Vegetable plants may be sent by mail to out of town customers at only the addition of shipping charges.	

HYBRID TEA

Roses

POT GROWN

These are all strong two year bushes started by us in 5 inch pots and come to you in full leaf and bud so that you may be certain of getting a live growing plant. They are priced irrespective of variety at \$1.00 each. The varieties offered have been selected especially for their ease of culture, popularity and suitability to the climate of this section. Plants ready May 10.h.

Betty Uprichard, Beautiful orange carmine, strong growing.

Edel, The supreme cream-white rose, very vigorous, new.

Etoile de Holland, The best easily grown red rose.

Golden Emblem, Intense yellow with rich glossy foliage.

Lady Ashtown, Glowing coral pink flowers, pointed buds.

Lady Hillingdon, Deep saffron yellow with good foliage.

Lady Margaret Stewart, Blazing copper gold, very fine.

La France, The oldest silvery pink fragrant tea rose.

Los Angeles, A favorite. Pale salmon pink and gold.

Mme. Alex Dreux, A new rose. Deep orange yellow.

Mme. Butterfly, Light pink, tinted gold, strong grower.

Mrs. Edouard Herriot, Brilliant orange red, free flowering.

Padre, Free blooming semi-double copper scarlet.

Radiance, The most reliable of all Hybrid Teas, Rose pink.

Red Radiance, A deep rose-red sport of Radiance.

Rev. F. Page Roberts, a large fragrant golden yellow.

Souvenir de Claudius Pernet, Pure yellow, glossy foliage.

Willowmere, Shrimp-pink, persistent bloomer, not fragrant.

OTHER ROSES

Polyantha or Baby Roses, These roses bear clusters of small roses all thru the season and are fine for use in a center bed of a rose garden. 75c each. May be had in various colors. List on application.

Rambler Roses are offered in the two best sorts: Dorothy Perkins, Beautiful shell pink, vigorous. Excelsa, crimson scarlet, better than old sorts. These and other ramblers at 75c each.

Additionally we can supply other roses on short notice at reasonable prices and shrub roses are listed among the shrubs with which they should be planted. Ask for suggestions on planting roses.

Hardy 

 Perennials

Here is the material to start your hardy border. These are not just seedlings but are strong pot or field grown plants that will give more immediate results.

All of the plants listed separately under **Rock Plants** are also hardy, many of which are very suitable for use in the front of the hardy border and we suggest you look thru that list also where you will find such plants marked "B".

Prices of these perennials except where noted are 30c each, \$3.00 per dozen, \$22.00 per 100.

Achillea, The Pearl, sturdy white flowered plant. Medium.

Anchusa, Italica, Blue Alkanet, heavy grower, tall.

Aquilegia, Mrs. Scott Elliott's strain of good colors.

Artemisia, Lactiflora, white flowers in August, tall.

A. Silver King, medium, beautiful white foliage.

Campanula, Medium or Canterbury Bells, mixed colors.

Chives, Edible foliage, pretty lavender flowers, low.

Coreopsis, several new varieties of this dependable plant.

Daisy, the Hartje and Elder early blooming Shasta.

Delphinium, Belladonna, most dependable hardy Larkspur.

Choice English Hybrids, 1 yr. old 50c (see also annuals).

Dianthus, barbatus, old fashioned Sweet William, low.

Dianthus Plumarius, pheasant-eye pinks, low, mixed.

Digitalis, Foxglove, several good varieties, tall.

Echinops, Blue globe Thistle, novelty, medium.

Gaillardia, the old favorite blanket flower, red and yellow.

Gypsophila, the new double Bristol Fairy, 50c each.

Helianthus, Miss Mellish, tall yellow hardy Sunflower.

Hollyhock, single mixed hybrids, tall.

Iris Germanica, fine strain of blue, or yellow (also mixed).

Iris Kaempferi, Japanese Iris, mixed (need acid soil).

Lilium Regale, wonderful new hardy Chinese Lily, 50c.

Rubrum, the pink spotted lily, blooms in fall, medium.

Lychnis, a dwarf growing form of Scarlet Lightning.

Oenothera, the dwarf yellow Evening Primrose. June.

Papaver, Oriental Poppies, a new miniature strain.

Phlox, white, salmon, pink, and other shades, medium.

Pyrethrum, or Painted Daisies, single and double, medium.

Sedum Spectabile, Showy Stonecrop, dwarf, September flowers.

Thalictrum, the maiden haired Meadow Rue, lovely foliage.

Tritoma, the Red-hot Poker plant. Orange flowers, medium.

Veronica Spicata, a fine blue flower, blooms all summer.

"PRINCESS MARY"

The new fragrant "Double-Single" now offered for sale for the first time in the U.S.A. Originated by J. J. Kettle of Dorsetshire, England.

Violets should have their happy location in every Rock Garden, the selection of the variety depending on the latitude in which you live. For the far north the Russian Violets only are available while in California all the fragrant sorts should do well and the folks who live in between will have to do a little experimenting, which, if they are true rock garden enthusiasts, they will be glad to do, for the satisfaction of accomplishment.

If you have any special questions that you want to ask we would be glad to answer them to the best of our ability. We are constantly in correspondence with Violet enthusiasts in all parts of the country and might be able to give you just the help you need.

Send 25c (refunded with first order) for our illustrated cultural book on Fragrant Violets.

FRAGRANT VIOLETS

(Our Specialty)

*Plant Violets This Spring for
Fall and Winter Blooming.*

We do not recommend strongly that our customers purchase rooted cutting or divisions of fragrant Violet plants for spring planting unless they be purchased in quantities large enough to permit special care being given by those experienced with Violets. For garden and frame culture you will have best results with fragrant Violets if you purchase ready grown plants from us in the fall. The price is not much greater and results are more certain. For those, however, who can buy in quantity, we quote the following prices. Dozen lots at higher prices, rates on 1000 lots quoted on request.

50 plants or more are sold at the 100 rate
Per 100

Double Sorts (Rooted cutting May 15—June 15)

Marie Louise, the best double purple sort	\$8.00
Farquahr, an improved Marie Louise	9.00
Mrs. J. J. Kettle, light mauve flowers	9.00
Jamie Higgins, light mauve flowers, new	9.00
Swanley White, the pure white violet, scarce	12.00
Russian Double, hardy, fine for rockery	18.00

Single Violets (Rooted divisions Apr. 15—June 15)

Mrs. David Lloyd George, improved Wales....(Fall shipment)	
Princess Mary, the new semi-double, fine	\$75.00
Princess of Wales, an old favorite	10.00
Governor Herrick, prolific bloomer	9.00
Frey's Fragrant, new, improved Herrick	\$10.00
Russian Single, hardy, for rockeries	8.00

*The Violet in her greenwood bower,
Where birchen boughs with hazel mingle
May boast itself the fairest flower
In glen or copse or forest dingle.*

HARDY ROCK PLANTS

A list including besides rock plants many plants of dwarf nature suitable for the edge of the flower border, these plants being marked "B".

Prices given are for single plants, prices per dozen or half dozen being 20% less and prices per 100 being 20% less than dozen rates.

50 plants or more are sold at the 100 rate which is 20% less than dozen rate.

6 plants or more are sold at the dozen rate. Single plants are sold at 20% more than dozen rate.

We shall be very glad to give advice as to the construction of large or small rockeries and advise special plants for unusual locations.

For those desiring elementary knowledge of the subject we recommend the brand new book on **Rock Gardens** by Archie Thornton, an American gardener, which will be sent postpaid for \$2.15.

Name	Description

Odorata Double Russian, hardy fragrant Violets35
" Single Russian, easily grown, fragrant25

FERTILIZERS

We do not specialize in handling a wide variety of fertilizers for special purposes but we do offer and heartily recommend from our own experience Swift's Vigoro which is fine for flowers, vegetables, grass, etc.

Priced at—

50-lb. bag	\$2.75
25-lb. bag	1.50

We also recommend for house plants, ferns, palms and other plants in pots the new handy tablet fertilizer known as Plantabbs which sell at 25c and 50c

SOME GOOD HARDY PLANTS!

The following plants were omitted thru error from our list of Perennials on another page but because of their value, we list them here.

BORDER CHRYSANTHEMUMS, potted \$ 2. per doz. 3 shades of yellow, and white. Early.

JAPANESE ANEMONES, rose and white. 30c each.

HARDY ASTERS in new colors, choice. 40c each.

ANCHUSA MYOSOTIDIFLORA, blue, dwarf, 25c

PHLOX in two new sorts, salmon & white. 25c each

FLOWERING SHRUBS

To avoid the confusion of common names we are listing our shrubs under their technical name. These bushes are all strong plants the taller growing shrubs being about 3 ft. high when sold to you, the dwarfer plants ranging from 18 to 24". Before you decide what to plant we recommend that you tell us about the situation and let us help you pick the plant for the place.

Latin Name	Common Name	Short Description	Price, Ea.
<i>Amygdalus</i> , Double flowering	Almond, dwarf, pink		\$0.75
